Antenna

Antennas

TV / FM / DVB-T ANTENNA

TV/FM/DVB-T Antenna

THOMSON

ANT2218 DVB-T/DVB-T2 outdoor antenna, max. range 50 km

Frequency Range	470 - 862 MHz
Performance	3
Coax Cable Length	HB

- Mounting option for horizontal and vertical polarisation
- Suitable for mast mounting
- Frequency range: 470 - 790 MHz (UHF)
- Zinc-plated mast clamp, clamping range: 22 - 60 mm
- Length: 1.045 m

THOMSON

ANT 1639 design UHD antenna „Sculpture“ for DVB-T/T2, Perform. 55, grey/blk

Frequency Range	470 - 790 MHz
Performance	55
Coax Cable Length	2 m

- Reception guarantee of HD-Ready, HDTV up to 4K/UHD reference signals
- Special power-saving reception concept for use via USB (e.g. TV/STB or streaming boxes)
- Alternative power supply via coaxial 5V remote supply (e.g. TV or set-top boxes), additional power supplies are unnecessary. Due to the direct connection, the antenna switches off as soon as the end device is switched off
- Very flat, compact design combined with textile materials and an unusual mixture of materials made of melange fabrics
- Extra-long USB cable (up to 2.5 metres) for a very wide action radius
- Maximum flexibility for optimum signal processing thanks to variable positioning options for wall or floor mounting with integrated cable guide
- The optimised calculated receiving area is designed for the best image stability with low noise processing of the received signals
- Exact adjustment and adaptation of the signal through adjustable amplifier technology with operating mode display
- The latest filter technologies for 3G/LTE/4G and GSM for the best reception performance and most economical use

THOMSON

TV/FM/DVB-T Antenna „ANT1538 Indoor Antenna for TV/Radio, HDTV/3D, DVB-T/T2, Active, Perf. 45“

Frequency Range	UHF: 470-790MHz, VHF: 174-230 MHz
Performance	45
Coax Cable Length	1.5 m

- Suitable for HDTV and 3D reception
- Controllable amplifier for signal amplification
- 5V power supply via separate 230 V adapter
- LED to monitor readiness for operation
- 75 Ohm antenna connection cable with 9.5 mm coax plug

Black	00132186
10	HB

THOMSON

ANT1528BK HD Indoor Antenna for TV/Radio DVB-T2, Flat, Active, Perform. 45

Frequency Range	UHF: 470-790MHz, VHF: 174-230 MHz
Performance	45
Coax Cable Length	1.5 m

- DVB-T/DVB-T2 flat antenna
- Powerful integrated amplifier for optimised playback of the received signals
- Also receives HD and 3D signals
- 5V power supply via remote power feeding from the receiver via the coax cable, or through separate 230 V plug mains adapter (included in the extent of delivery)
- Integrated noise filter avoids interference and improves the signal
- LED to monitor readiness for operation
- Antenna can be switched off (e.g. to save power while on holiday)
- Ultra-flat construction with base
- Can be fastened to the wall using the supplied wall bracket
- 75 Ohm antenna connection cable with 9.5 mm coax plug

Black	00132188
6	HB

THOMSON

ANT1539 UHD indoor antenna, Performance 45, grey/black

Frequency Range	470 - 790 MHz
Performance	45
Coax Cable Length	2 m

- Reception guarantee of HD-Ready, HDTV up to 4K/UHD reference signals
- Special power-saving reception concept for use via USB (e.g. TV/STB or streaming boxes)
- Alternative power supply via coaxial 5V remote supply (e.g. TV or set-top boxes), additional power supplies are unnecessary. Due to the direct connection, the antenna switches off as soon as the end device is switched off
- Very flat, compact design combined with textile materials and an unusual mixture of materials
- Extra-long USB cable (up to 2.5 metres) for a very wide action radius
- Maximum flexibility for optimum signal processing thanks to variable positioning options for wall, flat or floor mounting
- The optimised calculated receiving area is designed for the best image stability with low noise processing of the received signals
- A T-cable guide integrated on the back side allows the antenna to be positioned on either side of the television
- The latest filter technologies for 3G/LTE/4G & GSM for the best reception performance and most economical use

Black, Grey	00132192
15	HB

THOMSON

TV/FM/DVB-T Antenna „ANT-1418BK DVB-T/DVB-T2 Room Antenna, Performance 35“

Performance	35
Coax Cable Length	1.5 m

- For TV sets and VHF receivers / tuners
- Revolving UHF ring dipole, VHF rod dipole
- Additional 12 V input
- With built-in 230V/50Hz mains adapter
- 75 Ohm antenna connection cable

Black	00132183
6	HB

THOMSON

ANT1439 HD indoor antenna, Performance 35, grey/black

Frequency Range	470 - 790 MHz
Performance	35
Coax Cable Length	2 m

- Guaranteed reception of all relevant signals up to HDTV
- Special power-saving reception concept for use via USB (e.g. TV/STB or streaming boxes)
- Alternative power supply via coaxial 5V remote supply (e.g. TV or set-top boxes), additional power supplies are unnecessary. Due to the direct connection, the antenna switches off as soon as the end device is switched off
- Extra-long USB cable (up to 2.5 metres) for a very wide action radius
- With velvet appliqué on the underside to avoid scratches, e.g. on furniture
- The design with fine fabric applications perfectly harmonises with smart home products
- The 3G/4G/LTE filter neutralises interference for a low-noise signal
- LED to monitor readiness for operation
- The flexible freedom is achieved thanks to "Thomson Direct-Orient Technology" and achieves ranges of up to 25 km to the broadcasting location
- Frequency range: B IV (470 - 790 MHz) for DVB-T or DVB-T2 reception
- Flexible possibilities also allow mobile use, e.g. terrace, camping, caravanning

Black, Grey	00132191
15	HB

THOMSON

TV/FM/DVB-T Antenna „ANT1318 HDTV Rod Antenna, with USB Power, Mounting Clips, Performance 25“

Frequency Range	UHF: 470-790MHz, VHF: 174-230 MHz
Performance	25
Coax Cable Length	2.28 m

- Ultra-slim active rod antenna
- Supports 4k Ultra HD technology for breathtaking picture quality
- Powerful integrated amplifier, supplied from TV e.g. via USB power
- 5 V power supply via remote power feeding from the receiver via the coax cable or via a separately available 230 V plug-in power supply unit
- Supports mobile use thanks to the antenna's power supply via devices with a USB port (e.g. notebook)
- Flexible installation thanks to self-adhesive compression clips and especially long antenna cable (e.g. behind TV, cabinets or sound bars)
- Omnidirectional antenna, therefore can be positioned horizontally as well as vertically
- Optional connection via F-plug or enclosed coaxial adapter

Black	00132181
6	HB

Antennas

TV / FM / DVB-T ANTENNA

THOMSON

**TV/FM/DVB-T Antenna „ANT1438
DAB/DAB + Indoor Radio Antenna,
active, Performance 35“**

Frequency Range	UHF: 470-790MHz, VHF: 174-230 MHz
Performance	25
Coax Cable Length	1.5 m

- Additional power supply unit for power supply
- Separate on/off switch on the mains lead to reduce energy consumption
- Signal amplification for perfect reception performance
- Modern, compact and high-quality designer indoor antenna
- With VHF function
- For band III and L
- Includes 1.5 m connection cable with F-plug
- 220-240V/50Hz power supply unit
- Frequency range: 87.5 - 108 MHz (VHF), 174 - 240 MHz (Band III), 1452 - 1492 MHz (Band L)

Antenna Cable

THOMSON

Antenna Cable „Coax Plug - Coax Socket, white, 80 dB + Adapter“, White

Type of Shielding	Double Shielded
Screening Rate	80 dB

- Double shielding for good reduction of electromagnetic interference
- Outside diameter: 5 mm
- Comes with an adapter: plug - plug

10 m				00132073
		3	BK	

THOMSON

Antenna Cable "Coax Plug - Coax Socket, white, 95 dB", White

Type of Shielding	Triple Shielded
Screening Rate	95 dB

- Triple shielding for very good reduction of electromagnetic interference
- Ferrite core for decimating remaining interference and for a good signal transmission
- Gold-plated plug contacts for improved contact quality and optimum signal transmission
- Comes with an adapter (coax plug - coax plug)

Cables & Adapters

THOMSON

HDMI™-Cable „High Speed, HDMI Plug - HDMI Plug, Gold-Plated“, Black

Data Transfer Rate	10.2 Gbit/s
Max. Resolution	1080 p
Version	High Speed with Ethernet

- Gold-plated plug contacts for improved contact quality and optimum signal transmission
- HDMI™ cable for perfect, high-resolution full HD quality, 1920 x 1080 pixels
- Fully shielded audio and video lines for optimal reduction of electromagnetic interference
- Audio signal return without additional audio cable (ODT, RCA, etc.)
- High speed transmission of up to 10.2 Gbit/s for all image and sound standards
- Transmission of all digital video, audio and copy protection data and signals
- The multi-shielded cable is designed for high data transfer rates with high data bandwidths
- Digital audio data transfer in CD quality and multi-channel sound (up to 8 channels)

5 m	00132108
3 BK	

THOMSON

HDMI™-Cable „High Speed, HDMI Plug - HDMI Plug, Ferrite, Ethernet“, Black

Data Transfer Rate	18 Gbit/s
Max. Resolution	4k (4096 x 2160)
Version	High Speed with Ethernet

- Fully shielded full metal plugs for optimum shielding
- Gold-plated plugs for improved contact quality and optimal signal transmission
- Fully shielded audio and video lines for optimum reduction of electromagnetic interference
- HDMI™ cable for perfect, high-resolution ultra HD cinema quality 4096x2160 (4k) pixels
- Image resolution: 3840 x 2160 - 24 Hz/25 Hz/30 Hz/50 Hz/60 Hz, 4096 x 2160 - 24 Hz
- Colour space: 30/36/48 bit
- Transmission of the following audio data: 8PCM, Dolby Digital, DTS, MPEG, DVD-Audio, SACD, Dolby Digital Plus, True HD, dts-HD
- Network functionality due to an integrated Internet/Ethernet channel (HEC); network 100 MB/s
- With an integrated audio return channel (ARC)
- Transmission of the type of player via ACE (Automatic Content Enhancement)
- HDMI™ CEC support (Consumer Electronics Control)
- High-speed transmission of up to 18 Gbit/s for all image and sound standards with a bandwidth of 600 MHz and more

THOMSON

HDMI™-Cable „High Speed, HDMI Plug - HDMI Plug, Flat, Ethernet“, Black

Data Transfer Rate	18 Gbit/s
Max. Resolution	4k (4096 x 2160)
Version	High Speed with Ethernet

- 3D transmission due to extended bandwidth
- HDMI™ cable for perfect, high-resolution ultra HD cinema quality 4096x2160 (4k) pixels
- High-speed transmission of up to 18 Gbit/s for all image and sound standards with a bandwidth of 600 MHz and more
- Audio signal return without additional audio cable (ODT, RCA, etc.)
- Extremely flat cable for space-saving cable routing
- Extremely small plug for space-saving connection
- Integrated channel for transmitting network data with up to 100 Mbit/s
- Gold-plated plug with low contact resistance for secure signal transmission
- Fully shielded audio and video lines for optimum reduction of electromagnetic interference
- Image resolution: 3840 x 2160 - 24 Hz/25 Hz/30 Hz/50 Hz/60 Hz, 4096 x 2160 - 24 Hz
- Colour space: 30/36/48 bit
- Transmission of the following audio data: 8PCM, Dolby Digital, DTS, MPEG, DVD-Audio, SACD, Dolby Digital Plus, True HD, dts-HD

Headset Wireless

THOMSON

Headset Wireless "WHP6309BT Senior 4in1", In-Ear

Weight	153 g
--------	-------

- Wireless headphones with the latest digital technology; undisturbed connection with TV or HiFi system as well as call accept via smartphone via Bluetooth at just the push of a button
- Connection of the docking station to the TV via Toslink/ODT, 3.5 mm jack or RCA for transferring the sound via Bluetooth from the docking station to the headphones
- Maximum wearing comfort thanks to lightweight and flexible chin strap with different silicone ear pads for an individual fit
- Energy-saving: Headphones switch off after 5 minutes in the charging station if no audio signal is transmitted
- Charging the integrated battery via practical docking charging station with fast charging function
- Balance individually adjustable for each ear
- Separate volume control
- Excellent transmission reliability due to noise-free carrier frequency 2.4 Ghz on a Bluetooth basis
- Easy to use thanks to plug/pair & play
- High level of wearing comfort thanks to the low weight of the chin strap receiver of just 70 g
- Integrated lithium polymer battery with low self-discharge for up to 8 hours of continuous operation
- Natural sound in top stereo sound quality

Grey, Red	00131991

Wireless Headphones

THOMSON

Wireless Headphones "WHP5327, Over Ear, digital, noiseless"

Colour	Black
Connection	3.5 mm Jack Plug
Frequency Range	20 Hz - 22 kHz
Impedance	24 Ω
Range	20 m
Transmission Frequency	2400 MHz
Material	Plastic Material
Sensitivity	120 dB

- Simple installation and operation thanks to integrated volume control on the headphones
- Integrated charging station which serves as a holder for the headphones when not in use
- Up to 8 hours of first-class music enjoyment with rechargeable batteries
- Pleasant wearing comfort thanks to soft-padded earpads and adjustable headband
- Both analogue and digital inputs (can be toggled) on the transmitter for maximum transmission source options (TV, HiFi, mobile devices such as MP3, smartphone/tablet and PC/notebook)
- Digital input can be used both coaxially and optically in order to transfer noise-free sources with as little delay as possible (e.g. listening to TV while watching it)
- The headphones can also optionally be used with cables (for life on the move, e.g. for smartphone or MP3)
- Range: approx. 20 m with clear line of sight, 10-15 m in buildings (depending on the ambient conditions)
- Automatic switch-off of the transmitter or headphones if no input signal is received after 5 minutes

Black	00131988
6	HB

THOMSON

Wireless Headphones "WHP3001, Over-Ear, PLL-System"

Colour	Black
Connection	3.5 mm Jack Plug
Frequency Range	20 Hz - 20 kHz
Impedance	32 Ω
Range	100 m
Transmission Frequency	863 MHz
Material	Plastic Material
Sensitivity	107 dB

- Integrated charging function
- Charging station also serves as a holder so that the headphones retain their stability when not in use
- Volume control and power button with LED display conveniently positioned on the headphones
- Three transmission channels to avoid interference; other radio equipment in the living room is therefore unable to interfere with the wireless music enjoyment
- Maximum frequency stability thanks to PLL system for optimised transmission
- Automatic station search
- Range: up to 100 m with clear line of sight, approx. 20 - 30 m inside buildings for plenty of freedom of movement
- Elastic and padded headband fits the shape of the head comfortably
- Padded and mobile earpads for pleasant wearing

Black	00131957
3	HB

THOMSON

Wireless Headphones "WHP3311, Over-Ear, PLL-System"

Colour	White
Connection	3.5 mm Jack Plug
Frequency Range	20 Hz - 20 kHz
Impedance	32 Ω
Range	100 m
Transmission Frequency	863 MHz
Material	Plastic Material
Sensitivity	107 dB

- Modern, futuristic design
- Integrated charging function
- Charging station also serves as a holder so that the headphones retain their stability when not in use
- Volume control and power button with LED display conveniently positioned on the headphones
- Three transmission channels to avoid interference; other radio equipment in the living room is therefore unable to interfere with the wireless music enjoyment
- Maximum frequency stability thanks to PLL system for optimised transmission
- Automatic station search
- Range: up to 100 m with clear line of sight, approx. 20 - 30 m inside buildings for plenty of freedom of movement
- Elastic and padded headband fits the shape of the head comfortably
- Padded and mobile earpads for pleasant wearing

Headset Wireless „WHP7001, micro, rotatable, altern. 3.5mm cable”, On-Ear

Bluetooth Version	5
Max. Music time	8 h
Weight	135 g
Charging Method	Micro USB Socket
Charging Time in Hours	3 h

- Bluetooth 5.0 headphones for listening to music anywhere and/or telephoning without tangled cables
- Alternative classic 3.5 mm cable headphone connection, for use in flight mode or when the battery is low for example
- The control buttons support the remote function for music control with Play/Pause/Next track/Previous track and volume control
- Integrated microphone for telephone calls or voice commands
- Simple toggling between music and calls
- Wearing comfort thanks to adjustable, padded headband
- 40 mm loudspeaker for excellent and powerful sound
- Soft ear pads for long and pleasant wearing comfort
- Earpads can be swivelled: ideal for easy and compact transport
- Self-contained acoustics for excellent noise insulation
- Battery life of 8 hours on medium volume, charging time around 3 hours
- Supported Bluetooth protocols: HFP, HSP, A2DP, AVRCP for appropriate control management during telephony, audio data or audio streaming such as pick up/hang up, play/pause/next track/previous track (if supported by the telephone)

EAR5105 Headphones, Earbuds, Ear Hooks, black

Connection	3.5 mm Jack Plug
Cable Length	1.2 m

- Gold-plated jack plug ensures secure signal transmission and thus better audio quality
- Perfect fit during sporting activities
- Elastic silicone sports hook for optimised, light fit

Black				00132458
		10	BK	

THOMSON

Headphones Wired „HED8100 for Children, with cable, Volume limit“, On-Ear

Connection	3.5 mm Jack Plug
Cable Length	1.2 m

- Children's sensitive ears are protected by a limitation of the sound pressure to max. 85 dB
- With share plug: to connect a 2nd set of headphones, ideal for listening to a radio play together
- Single-sided cable guide avoids tangled cables and enhances wearing / carrying comfort
- Inclinable ear pads adapt to the shape of the ear without causing pressure on the ears
- Padded head band: ensuring no head pressure
- Size-adjustable headphones adapt perfectly to the head shape of the child
- Space-saving for transport and can be folded together for storage

ON- & OVER-EAR-HEADPHONES

Headset Wireless

THOMSON

Headset Wireless "WEAR7811 TWS ANC", In-Ear

Bluetooth Version	5.1 System
Loading frequency	3 x
Max. Music time	4 h
Weight	49 g
Charging Method	USB-C socket
Charging Time in Hours	2 h

- Bluetooth at its best: maximum freedom of movement since the two earphones are not connected by one cable
- Thanks to the integrated telephony function with call pick-up and microphone for smartphones you can easily swap between music playback and call pick-up, ensuring you never miss a call again while listening to music
- Supports the voice assistants Siri and Google Assistant: Bluetooth pairing and touch control allow direct access - without having to hold the smartphone
- Easy setup with auto power control and auto-pairing
- Music time / talk time: up to 4 hours with a fully charged headset
- With charging station: this means that the headset can be charged up to 3x while on the move thanks to the integrated battery without external power supply
- Remote function for controlling music (Pause/Play/Forward/Rewind), if supported by the telephone
- Volume can be controlled via voice assistants
- Reduced latency in the switchable gaming mode for a precise gaming experience

Headphones Wired

THOMSON

"Steto" HED4408 TV Head- phones, In-ear, Chin Strap, Separate Volume Control

Connection	3.5 mm Jack Plug, 6.35 mm Jack Plug
Cable Length	8 m

- Extra-long cable (8 m), especially designed for connecting to TVs or HiFi systems
- Convenient cable-mounted volume control
- With a gold-plated 6.35 mm adapter e.g. for connection to a hifi system
- Gold-plated jack plug ensures secure signal transmission and thus better audio quality
- Lightweight for ultra portability
- Ideal headphones for best-agers with easy operation and high wearing comfort
- The volume control works independently of the settings on the TV, e.g. for a second user
- Free choice of the connecting plug with 3.5 and 6.3 mm jack plug adapter
- Headphones with chin strap are more comfortable for older people to wear since they do not exert any unpleasant pressure on the head
- Silicone earplugs are comfortable for glasses wearers since there are no cups around the ear which press against the arms of their glasses
- Stethoscope version is especially lightweight, yet sits firmly in the ear

Remote Control

THOMSON

Remote Control "ROC1117GRU for Grundig TVs"

Signal Transmission	Infrared
Range	10 m
Battery Type	AAA Micro

- Immediately ready for use, since the code for the most common Grundig TVs is already pre-set
- Other codes can be set for less common Grundig models
- Manufacturer-specific special keys
- Including learning function to teach further functions
- With SIMPLE mode function: the range of functions on this remote control can be restricted to key functions, preventing TV settings from being accidentally modified. This is a useful feature for hotels or the elderly, for example
- Ergonomic main buttons (volume control and channel selection)
- Luminescent buttons (number pad and main buttons light up)
- Function LED
- Total of 52 buttons

Black	00132671
